

Water Interest Survey

Hello Port Austin Neighbor,

We are the volunteer committee to bring municipal water to Port Austin Township. We are all residents of Port Austin Township, with representation from Huron Regional Water Authority, Port Austin Area Sewer and Water Authority, and the Port Austin Township Board. Our goal is to offer a platform for those individuals who wish to have the opportunity to receive municipal water.

As many residents are aware, a petition was started by the Committee to gather names and signatures to determine the level of interest in this project. In hindsight, and based on feedback we believe that a petition was not the appropriate approach at this time.

Attached to this letter is a SURVEY of interest for the project. Please let us know what your thoughts are on the project.

How to fill out the SURVEY:

- Survey is organized by Street name
- If you are NOT interested at all in the chance for municipal water, check the NO box
- If you are Interested in Municipal water, check the YES box
- If you need more information, check the WANT MORE INFORMATION BOX
- Please also let us know what you feel is an appropriate cost for a project like this, we will use that as a guide when working with State and Federal representatives

QUICK FACTS:

- Map of survey district available at portaustintownship.com “Proposed Water Expansion Map”
- 929 Parcels in the survey district
- Current preliminary estimate of TOTAL cost = \$30,180,000
- Working with State and Federal representatives to lower TOTAL cost
- We need to show there is an interest to be eligible to receive State and Federal funds
